2025
Impact Report

Live Here, Play Here. Give Here.

WHO WE ARE

The Community Foundation of Ogden Valley (CFOV) exists to strengthen and support the place we all call home. Through philanthropic leadership and community service, CFOV brings people together to invest in the nonprofits, programs, and initiatives that preserve the quality of life in Ogden Valley.

We serve as the philanthropic hub of the Valley, connecting donors, nonprofits, and community members who live, work, and play here. CFOV is governed by an all-volunteer board, ensuring that resources are directed where they matter most—back into the community.

OUR MISSION & VALUES

Mission: To improve the lives of Ogden Valley residents and visitors through philanthropic leadership and community service.

Values: Community • Service • Integrity
• Vision • Fairness

Goals:

- Ensure sustainability of the Ogden Valley philanthropic community
- Serve as a leader, catalyst, and resource
- Make grants that positively impact the community
- Plan and execute a community-wide celebration of giving

HOW CFOV CREATES IMPACT

CFOV efficiently uses available resources to strengthen the Valley by:

- Pooling donor dollars to increase impact
- Supporting and promoting local nonprofits
- Encouraging collaboration instead of competition
- Responding to evolving community needs

By partnering with local and regional organizations, CFOV helps address the growing and complex needs of Ogden Valley—today and for generations to come.

MATCHING FUNDS: MULTIPLYING IMPACT

Why the Matching Fund Program Matters

At the Community Foundation of Ogden Valley, our Matching Fund Program is designed to amplify generosity and strengthen collaboration across the Valley.

Rather than asking nonprofits to fundraise alone, CFOV brings donors and organizations together—leveraging donor dollars to support 16 local nonprofit organizations working to improve life in Ogden Valley.

How It Works

- Donor contributions are pooled into a matching fund
- Local nonprofits raise funds for their own missions
- CFOV matches those funds, up to \$5,000 in 2025, multiplying the impact of donations
- Organizations receive increased support while donors see their giving go further

We match funds to multiply what organizations are raising on their own—turning individual generosity into collective impact.

The Matching Fund Program does more than increase dollars raised—it creates a spirit of collaboration among nonprofit organizations.

The Big Give

Each year, this collaborative effort comes to life during The Big Give, a community-wide celebration of generosity that brings donors and nonprofits together in a powerful, visible way.
